

The Allison Family

“After experiencing Hurricane Andrew in 1992, Tom and I decided to leave North Miami and move north. After visiting a lot of communities in Broward County, we found SilverLakes and loved it at first sight.

In May of 1993, we purchased our new pre-construction GL Home in Coconut Reef. Then we spent every weekend of the following year coming to our construction site, taking pictures, and watching our new home being built.

In April of 1994, we officially moved in and have been here ever since. Twenty-seven years and counting! We love Pembroke Pines, SilverLakes, Coconut Reef, and all the many friends we have met during this time.”
