

## The Ganz Family

“We were looking to get away from the congestion in north Dade. We took a ride one Sunday out west and somehow ended up in SilverLakes. We fell in love with the wet ands, the gazebos, the birds and all the magnificent wildlife! We both knew this was where we wanted to live. Thirty years later this Las Brisas paradise has been home. My husband spent his final years feeding the birds and enjoying the beautiful sunsets! This is my plan too!! My forever home!!! “
